

SVMA

Updated January 27th

VETERINARIANS REQUIRED SASKATCHEWAN

The **Saskatchewan Veterinary Medical Association (SVMA)** invites applications for a **full-time registrar** starting as soon as possible.

Required qualifications are: DVM (or equivalent); membership in good standing in the SVMA, or, eligibility to become a general member; must be bondable. The successful candidate will be expected to reside within convenient proximity to the association office located in Saskatoon and must be prepared to travel within the province and country. Some evening and weekend work required. Experience in veterinary practice, and budget and management training/ experience is also desirable.

The SVMA currently has approximately 640 members and two full-time office staff, plus registrar. Duties of the registrar include, but are not limited to, the following: manage licensing of all members as per *The Veterinarians Act* and SVMA bylaws; provide appropriate notice of meetings to the members; oversee the finances of the association; oversee the inspection of veterinary practices; provide membership with proper notification of proposed and approved bylaw changes; coordinate the discipline process; liaise with affiliated organizations; ensure transparency and accountability of the association to its members; oversee day-to-day operations of office and supervision of employees; participate in media interviews as required; be proactive on behalf of the members and ensure accountability to the public in accordance with *The Act* and bylaws. Position offers a dental and health insurance program; salary commensurate with experience. Interested candidates should submit a letter of interest (**marked confidential**) including goals, a curriculum vitae and the names and contact information of three relevant references to: Dr. Terri Chotowetz, president, SVMA, 202-224 Pacific Avenue, Saskatoon SK S7K 1N9. Deadline for applications is February 15, 2012.

Assiniboia – The Animal Hospital of Assiniboia is seeking a veterinarian for our large mixed practice. The clinic is 65% small animal based with the remaining being cow-calf operations. We have a satellite clinic in Rockglen that is mainly large animal with a smaller portion being small animal. We have an excellent support staff with a well equipped in-house lab, therapeutic & surgical CO2 lasers, ultrasound and CR digital X-ray system. Clinic offers full benefit packages and new grads are welcome. Contact Dr. Bonnie Brandt at s.c.vet@sasktel.net

Assiniboia - veterinarian(s) required for a mixed practice (www.assiniboia.net). Clinic is 75% cow-calf/feedlot, 20% small animal, 5% equine. There are two RVTs, one herd health technician and one veterinary assistant. We have in-clinic laboratory (Vetscan), IDEXX Lasercyte, X-ray, isoflurane, ultrasonic scaler/ polisher, Aloka ultrasound machine, equine powerfloat, two hydraulic portable chutes and hydraulic tilt table; truck with a PortaVet unit for on-farm calls; obstetrical cases done in clinic. Full benefit package, paid licence dues and CE allowance. Salary is negotiable. Contact Dr. Kelly Lightfoot T. 306.642.4447 C. 306.642.8977 or assiniboivetclinic@sasktel.net

Lloydminster - the Lloydminster Animal Hospital is looking to hire a full-time veterinarian to join our team of seven veterinarians. As a mixed animal practice, our ideal candidate would have a strong interest in small animal medicine and surgery while still being responsible for after-hours emergency calls for all species. We believe our staff acts as a team and mentorship is strong within our practice. Forward resumes to Dr. Sonia Kollassa: F. 780.875.5799; e-mail skollassa@lah.ca

Outlook - Outlook Veterinary Clinic, a mixed animal practice located 85 km from Saskatoon, requires full- or part-time veterinarians who are engaged in life and veterinary medicine. We are a 40% large animal/ 60% small animal practice serving the Saskatoon and Lake Diefenbaker regions. Our team encourages the human/animal bond and preventative medicine while ensuring personal and family goals are fulfilled. The clinic has many of the

diagnostic equipment expected in a modern practice. To discuss this opportunity contact Dr. Carmen Millham at 306.867.8777, 306.867.4231 or ovc@sasktel.net

Redvers/Carlyle - Head for the Hills VHS is seeking a Veterinarian. The location of our clinics provides both a rural and urban feel, with a wide variety of species exposure (small, large, exotic, and game farm animals). Our area offers exciting indoor and outdoor recreational opportunities, as well as a strong musical and visual arts community. Have a spouse that needs work too? Southeastern Saskatchewan is booming and employment is easily acquired. For more information: T. 306.453.2446 or e-mail head4thehillscarlyle@hotmail.com

Regina - the Animal Clinic of Regina is looking to hire a new associate. Our fast paced, busy walk-in practice is the perfect place to fully explore the art of veterinary medicine. We are fully equipped with digital x-ray, GE Logiq P5 ultrasound (very nice!), all manner of straight and flexible scopes, orthopedics, dental cart and in house laboratory. Want to explore a specific area? We fully support our staff to explore different aspects of medicine that interest them with continuing education allowances. We have standard health benefits. We have a supportive environment with lots of communication encouraged between vets and staff. Please send your résumé to animalclinicofregina@sasktel.net or you can call to set up an interview by calling Dr Lesley Sawa or Michelle Achter RVT T. 306.525.5244. To learn more about our clinic please visit our website at www.animalclinicofregina.ca

Regina - Victoria Veterinary Clinic is evaluating the feasibility of opening Regina's 2nd 24 hour emergency facility. Our clinic is well equipped with Sound-Eklin DR, digital dental radiography, Acculan laser, Vet Scan and ABC lab, Cardiopet, GE P5 ultrasonography and the implants and instruments required for external fixator, plating and TTA. We strive to provide the best in patient care and client satisfaction in a great work environment. The position involves both day and night shifts with veterinarian compensation beginning at \$50.00/hr. Both full- and part-time applications would be considered. All inquiries and applications will be held in strict confidence. Please contact Dr. Denita Shtuka at denita@sasktel.net or clinic 306.522.8802.

Saskatoon - busy, fast-paced, small animal practice is looking for a permanent part-time veterinarian. Our clinic is equipped with ABC and Vetscan machines, ultrasound, two isoflurane anesthetic machines, dental equipment, and an IV pump. We are looking for an experienced veterinarian who is outgoing, energetic and passionate about their job. We provide a competitive wage, benefit package, CE allowance and paid licence dues. If you are interested in joining our team at Prairieland Vet Clinic, please contact us at T. 306.242.5637, F. 306.956.3323 or e-mail prairielandvet@sasktel.net

Saskatoon - are you a mixed animal veterinarian with 2-10 years of experience, interested in food animals and looking for a change? A food animal practice in Saskatoon is interested in you! This multi-person practice is focused on Herd Health and Production Consulting in Swine and Dairy Herds. If you are interested in herd practice, have a valid driver's license and communicate well in English, we would like to talk to you. Please reply to: Dr. Neil Shantz or Dr. Mark Jacobson, Warman Veterinary Services, 226E Wheeler St, Saskatoon SK S7P 0A9. T. 306.933.9995, F. 306.933.3271, e-mail: wvs@warmanvetservices.ca

The remote area veterinary services, Team North, is a voluntary group of veterinarians, technologists and students that travel to remote areas of northern Saskatchewan to examine, vaccinate, de-worm and spay or neuter pets at no cost to the owner. Dogs running at large and in groups create a serious health and safety issue in these remote areas with no access to veterinary services. There is currently no funding in place to support this program and the group relies on donations. The following WISH LIST has been developed; any help you can offer would be *greatly appreciated*. Please contact Dr. Lesley Sawa at 306.525.5244 or Sharon Murray at the SVMA office, 306.955.7868 if you have items to donate. **Permanent equipment:** clippers, autoclave, endotracheal tube, pulse oximeters, Rubbermaid bins, Mayo stands, scissors, tables, scales, cat bag/tank, otoscopes, kennels, surgical gowns, anesthetic masks. **Consumables:** caps and masks, needles, paper towels, Isoflurane, suture-PDS/catgut, Propofol, surgical and exam gloves, tape, alcohol, catheters, Hibitane, disposable drapes, disposable surgical gowns, peel packs, gauze, Ziplock bags.
